190 likes posted by @Anna.Brown

My recent post only got 4 likes! :(

You could change your account to public?

I'm not sure...

It's easy, I did it and now I get tons of likes

What should you do?

Change your account to public- Anna did it and you can just block any suspicious people.

OR

Keep your account private, it doesn't matter how many likes you get.

glitch

How we made Glitch

- Python 2.7
- Pygame
- GitLab version control
- Piskel for some graphics

Further development

- More levels
- Password strength
- Improved graphics
- Personalised ads

glitch

Challenges we overcame

- Operating systems
- Font
- Time limits
- Minor bugs

glitch
